

I am writing in regards to the Low Power FM service being considered by the FCC. When I learned that my beloved radio station, K-LOVE, could lose its signal here, I was very disturbed. I listen to K-LOVE in Wilmington, NC on FM 88.9, and I love it, as do many of my friends here in town.

K-LOVE serves my community by airing positive, encouraging, and uplifting music 24 hours a day. There are no commercials and no talk shows, ever. Anytime I turn on the radio, I hear wonderful music. There is not another radio station like this in our community, not one. I have two small children and I know that they will never hear

anything harsh or vulgar on K-LOVE, which gives me a tremendous peace of mind.

If we were to lose our K-LOVE radio station here in Wilmington, the effects could be devastating. K-LOVE offers hope that we all need, but some of us more than others. Some people who have thought about suicide, have heard a specific song on K-LOVE, and because of that song they changed their minds. I know it has uplifted me on many occasions.

K-LOVE provides a service that we all need, to hear that GOD loves each and every one of us no matter what. When you listen to K-LOVE, you do not hear judgement or condemnation. You hear God's love in every song and in the voices of the DJ's. What could be better than that?! I know that some of you reading this may not believe in God, but He still loves you, no matter what. Please don't take this precious gift away from so many that need it. Thank you for taking the time to read my comments, and consider my request. God bless you all.
